India's Premier Exhibition on Airport Infrastructure, Technology & Services

Since its maiden launch in 2022, IndiAirport has rapidly matured into India's most influential and internationally recognised platform dedicated to airport infrastructure, airport technology, ground handling, MRO, aviation services, and global collaboration. Over the span of four editions, IndiAirport has consistently delivered high-value business opportunities, technology showcases, international partnerships, and meaningful dialogues shaping the future of Indian and global aviation.

This compiled Post-Show Report highlights the progress, achievements, and impact created collectively by all four editions.

IndiAirport 2022 The Maiden Edition

India's New Gateway to Airport Technology & Infrastructure

HIGHLIGHTS

The inaugural edition set a strong foundation for future growth with its global character and high-quality participation.

IndiAirport 2022, India's new event on, Airport Infrastructure & Airport Technology jointly organized by Radeecal Communications & IFW Expo Heidelberg GmbH in proud alliance with GATE Alliance - German Airport Technology & Equipment e.V. as Supporting Partner and PHD Chamber of Commerce and Industry (PHDCCI) as Industry Partner. The event was full of business conversations, new technologies on display. Some of the great minds of the industry shared their views, ideas and experiences to uplift one of the India's fastest growing industry and the future center of the world called INDIAN AVIATION.

INAUGURATION

The event drew an impressive number of honorable inaugurating guests. The chief guest of the event was Shri Satyendra Kumar Mishra, Joint Secretary, Ministry of Civil Aviation, Government of India followed by our Guest of Honor Mr. Saket Dalmia, President, PHD Chamber of Commerce and Industry (PHDCCI) and Mr. Jens Reinhard, CEO, GATE Alliance - German Airport Technology & Equipment e.V, along side with Dr. Jitendra Singh, Assistant Secretary General, PHD Chamber of Commerce and Industry (PHDCCI), Mr. Vipin Vohra, Chair, Civil Aviation Committee, PHD Chamber of Commerce and Industry (PHDCCI), Mr. Michael Jain, Co-Chair, Civil Aviation Committee, PHD Chamber of Commerce and Industry (PHDCCI), Mr. Stefan Kresse, Managing Director, IFW Expo Heidelberg GmbH & Mr. Sanyal Desai, CEO, Radeecal Communications.

The running fuel of the event were of course our exhibitors & visitors along with the operational engine was our renowned speakers of the two-day Aviation Convention. IndiAirport presented 42 exhibitors from India, Germany, Spain & Austria. IndiAirport witnessed over 1600 visitors from India and 380 international delegates from India, Germany, France, Spain, Sri-Lanka, Maldives, Singapore, Russia, Papua New Guinea, Saudi Arabia, Thailand, UAE, UK & USA. We had an amazing number of 42 speakers & panelists for the two days of the Aviation Convention.

IndiAirport 2023 A Stronger & Grand Return

Reaffirming India's Aviation Potential

The second edition saw a sharp rise in global exhibitors, high-profile inaugurations, and a high-quality summit.

HIGHLIGHTS

IndiAirport Expo has made a spectacular return to Yashobhoomi, New Delhi after a consecutive pilot edition and came stronger than expected and the best of the companies from Airport Infrastructure, Airport Technology & Airport Services industry from India & from abroad has participated over 45 companies as Exhibitors and Professional visitor, Delegates, Government officials and Airport Authority of India attended in good numbers in excess of 3,000.

IndiAirport 2023 delivered a dynamic platform for knowledge exchange and face-to-face networking, featuring 45 feature-packed stands showcasing the latest in airport infrastructure technologies and services. The show floor buzzed with energy as leaders, manufacturers, and solution providers from India, Germany, Belgium, Italy, UAE, Singapore, and Saudi Arabia connected with attendees.

Live product demos at the Exhibitor Presentation Theatre drew constant engagement, while the international summit-organized with PHD Chamber of Commerce & Industries-featured eminent global speakers. The event was inaugurated by distinguished dignitaries including Mr. Piyush Srivastava, Senior Economic Advisor, Ministry of Civil Aviation, and Hon'ble Union Minister of State for Civil Aviation General (Dr.) V.K. Singh (Retd.).

With packed sessions, valuable insights, and high-quality interactions, IndiAirport 2023 proved to be a highly successful three-day event-unmatched in bringing together global experts, suppliers, and stakeholders to foster business, knowledge sharing, and innovation.

A few words from the Chief Guest

Hon'ble Union Minister of State for Civil Aviation, General (Dr.) Vijay Kumar Singh (Retd.)

The incredible exhibits and impressive innovations and knowledge full of sessions seen at IndiAirport Expo 2023, was worth doing it.

The calibre of this year's exhibitor offerings is testament to the ongoing strength of the industry. The excellence of the content presented in the Seminar Program was rewarded by high attendance at the sessions, and the exhibition was a fantastic opportunity to interact with industry. Congratulations once again to all our participants for their exceptional contribution and attendance in the overall gathering and exposition.

On the dynamic show-floor I saw many new innovations which are helping to drive the development of new products, witnessing exciting new solutions and key systems with greater integration and connectivity, I also see that companies outside of India are wishful to come to India and explore the emerging market of India. I also see that new and sustainable products are being launched at the expo and very important aspects of the industry were not only being discussed but also an effective solutions were given.

It has been an absolute privilege to take some time and being part of this wonderful opportunity, and I thank organizers of the show for their achievement and commitment.

Mr. Piyush Srivastava, Senior Economic Advisor, Ministry of Civil Aviation

It is with great enthusiasm that I look forward to being a part of this esteemed event focused on Airport Infrastructure and Airport Technology.

I commend Radeecal Communications, IFW Heidelberg Expo GmbH and PHD Chamber of Commerce & Industries for bringing together an impressive gathering of industry players, major airport managers, operators, and leaders in the aviation sector.

The opportunity to showcase culinary expertise amidst such a distinguished audience is both exciting and humbling. I am eager to contribute to the vibrant atmosphere of the event and engage with the innovative minds shaping the future of airport technology and infrastructure.

As a chef, I understand the importance of collaboration and innovation in creating memorable experiences. I am particularly looking forward to exploring potential synergies with the aviation community and sharing insights on how culinary experiences can enhance the overall travel journey. I thank you for this wonderful opportunity, and I am eagerly anticipating the privilege of contributing to the success of the IndiAirport Expo 2023.

IndiAirport 2024 Advancing Innovation & Global Business

A Bigger, Stronger & More Strategic Edition

The third edition marked another level of growth with wider global participation and the launch of the first ever **Business Mission India**.

HIGHLIGHTS

The IndiAirport Expo 2024 made a spectacular return to Yashobhoomi, New Delhi, building on the success of its previous editions. With a stronger presence and wider participation, the event attracted over **50+ leading companies** as exhibitors and welcomed an impressive crowd of **3,500+ professional visitors**, delegates, government officials, and representatives from the **Airports Authority of India (AAI)**.

The enthusiasm on the show floor was palpable as visitors and participants eagerly engaged in face-to-face interactions, explored cutting-edge solutions, and forged meaningful connections. Featuring over 50 exhibitor stands, the expo showcased the latest technologies, services, and innovations in the airport infrastructure, technology, and services industries. Attendees from across the globe, including India, Germany, Belgium, Italy, UAE, Singapore, and Saudi Arabia, brought a truly international flavor to the event.

IndiAirport 2024 created a unique opportunity for attendees to interact with some of the most influential leaders, manufacturers, and solution providers in the global aviation industry. The atmosphere in the Exhibitor Presentation Theatre was electric, with continuous product demonstrations that captivated the audience and showcased groundbreaking innovations.

Visitors relished the chance to explore solutions that spanned airport infrastructure, automation, ground-handling equipment, and smart technologies, reaffirming IndiAirport Expo as the leading event in its category in India. The event offered a collaborative platform for sellers, buyers, and stakeholders to engage in sourcing, sharing, and connecting.

Words from the Chief Guest

Mr. Piyush Srivastava, Senior Economic Advisor, Ministry of Civil Aviation

I have been part of the IndiAirport Expo since its inaugural edition and have witnessed its remarkable growth, which mirrors the nation's progress and the promising future of India's civil aviation sector. Today, I see a very satisfactory alignment between the event's success and the rapid strides being made by our country.

India's civil aviation industry is shining on the global stage, setting new horizons by international standards. The sector is on an accelerated trajectory, driven by the addition of numerous new airports, which are enhancing micro-level connectivity across the country. Disruptive technologies are being incorporated daily, reshaping the landscape of our aviation infrastructure.

We are embracing innovations like AI and biometric systems to ensure a seamless, paperless travel experience for passengers. At the same time, the increasing number of MRO (Maintenance, Repair, and Overhaul) facilities presents an excellent opportunity for India to lead in this critical domain.

Events like IndiAirport Expo are crucial in fostering the import and integration of cutting-edge technologies that India needs to thrive in the aviation sector. I firmly believe IndiAirport Expo will continue to be a vital platform for collaboration, innovation, and progress.

Words from the Chief Honour

Dr. Sharad Kumar Hon'ble Member Operations, Airports Authority of India (AAI)

This is my first time at IndiAirport Expo, and I must say it has been a remarkable experience. Traditionally, we have often looked abroad to explore the latest aviation technologies, but I am delighted to see that this exhibition offers a comparable platform right here in India. The technologies showcased at IndiAirport are of high quality, matching global standards, which is an incredible achievement.

It is especially fitting that such an event is happening during the 75th year of the adoption of the Constitution of India, a momentous occasion that signifies India's enduring commitment to growth and development. Opportunities for expansion and innovation in India's aviation sector are immense, and events like IndiAirport are instrumental in driving continuous progress.

I believe that platforms like these not only showcase cutting-edge technology but also foster collaboration and knowledge sharing, ensuring the aviation industry in India continues to soar to greater heights.

Business Mission India

Adding to the event's success was the exclusive Business Mission India, which facilitated five high-profile meetings between international delegations and key aviation stakeholders:

- ✈ **GMR Airports Ltd**, represented by Mr. Sanjiv Edward, CEO Cargo & Logistics.
- ✈ **Pawan Hans Limited**, led by Mr. Vanrajsinh Dodiya, General Manager (CPMS & CA).
- ✈ **Airports Authority of India**, with discussions led by Mr. Anurag Sharma, Executive Director (IT), and Mr. Javed Alam, ATS-In-Charge.
- ✈ **Adani Airports Holding Limited**, with a delegation led by Mr. Arun Bansal, CEO, joined by senior executives.
- ✈ **GUJSAIL**, led by Shri Vijay Antiya (Patel), GAS, CEO.

These meetings set the stage for enhanced collaborations and future business opportunities.
